## ANNUAL REPORT FOR THE YEAR 2017-2018

(For the Period 24.11.2017 – 31.03.2018)

### 1. Training Program of Women SHGs & Production of Pickles:

During this Period we have been organized One Training Program of Women Self-Help Group members in which 20 women were participated for preparation of Pickles using the locally available fruits. After the training program the women start producing Pickle and sold in the local market which helps them to earn money.

### 2. Distribution of Winter Cloths:

In the slums of Ranchi & nearby villages there are number of poor people who don't have any winter clothes to wear. So they have been suffering due to winter. On behalf of our organization we have collected old winter cloths and purchased few low cost winter cloths and distributed among them. About 80 people benefitted out of this program.

### 3. Fabric Painting Training:

Fabric is the art specialized to paint fabrics and it's also the simplest way to print your own Fabric. With the help of just a brush and few paints one can create amazing patterns, florals, design patterns & print. We have organized one such training program in which 20 women participated and learn Fabric painting.

### 4. Grocery Food Materials Distribution to Poor:

On behalf of our organization, we have been distributed food materials such as Rice, Atta, Dal etc. to 30 poor families who are in severe need to meet that need. This was our services to humanity.

### 5. Health Awareness Camp:

Health is an important to all leaving being especially to the Humans. A good health can increase productivity in any spare. Poor health creates illness and makes people poorer due to expenses for treatment. So we have organized one health camp to make the participants aware on several health issues. 32 women were participated the camp and enhance knowledge on health issues.

### 6. Distribution of Stationery Item:

We have been distributed school stationary items such as exercise books, pencils, pen etc to 85 children of different classes in a target area locality. The children are very happy after getting the same.

### 7. Swachha Bharat Mission Program:

Swachh Bharat Mission is a nation-wide campaign in India that aims to clean up the streets, roads and infrastructure of India's cities, towns, and rural areas. In this mission we have been clean our locality with our volunteers.

#### **8. Safe Drinking Water program:**

Safe Drinking Water is an essential component for good health, but many people are not well aware regarding these especially in rural areas. To fetch water, to keep it properly and to drink it with clean utensils are the components which has been discussed in camps. We have organized one such camp wherein 28 women & girls were participated.

#### **9. Stitching & Embroidery Training:**

We have been organized one stitching & embroidery training wherein 16 girls and women were participated and learn both the two within a short span. Majority of them are purchased machines with their family help and now stitching their own cloths. Few started their own shops too.

#### **10. Plantation & Save Environment:**

Environment pollution is a severe problem as on today in each city and even in remote villages due to several reasons. To aware the people on environment and their role is very important as on toady. We have organized one camp with the local youths in which 23 youths participated. We have been ended the camp followed by plantation of 1 plant by each in the road side area.

#### **11. Books Purchased for Library:**

A library plays a very important role in promoting the progress of knowledge. There are many people who love reading. But they can't afford to buy books because the prices of books are very high. So we have been developed a Library in our organization, for which 30 books purchased during the year. The Library is open for the youths and the members of the area.

#### **12. Book Distribution to the Children:**

During the period we have been distributed books to 35 students for their knowledge enhancement. This will help them to continue study increase their knowledge.

#### **13. Awareness Camp on Personality Development:**

An individual's personality is the sum total of the person's qualities, characteristics, attitudes and quirks, psychological traits, beliefs and motives which make up his identity. The youths of today proper personality development for getting job, deal with various types of people in life. So we have been organized one day camp with 16 youths of the area wherein several aspects of personality development has been discussed.

#### **14. Awareness Camp for TB & Malaria:**

In rural Jharkhand and in slum areas Tuberculosis and Malaria is rampant due simple lack of awareness and due to not using mosquito net during sleeping. So on behalf of our organization, we have been organized one camp to aware the local people. About 50 people were participated the camp.

#### **15. Consumers Awareness Camp:**

Consumer Awareness is an act of making sure the buyer or consumer is aware of the information about products, goods, services, and consumers rights. Consumer awareness is important so that buyer can take the right decision and make the right choice. One consumer awareness camp has been organized during the period.

#### **16. Girls/Women Sports Program:**

One girls/women sports program has been organized in which 40 girls and women were participated. Simple sports for the girls and women have been organized in which they have been actively participated.

#### **17. Agriculture Development Program:**

On behalf of our organization we have organized one agriculture development program in which 30 farmers were participated. The basic objective of the program was to inform the farmers regarding best quality seed, fertilizers and loan facilities they can get from financial institution for agriculture production. 26 farmers were participated the program.

#### **18. Horticulture Development Program:**

The horticulture sector covering fruits, vegetables, root & tuber crops, mushrooms, spices, flowers, aromatic plants, coconut, cashew, cocoa and bamboo and so on. In rural Jharkhand the farmers produced vegetable a lot, but systematic fruits production is not that much. So we have organized the above program to aware the farmers for development of small Orchard in their waste land which will give them a good income in future.

At the end, we would like to convey our thanks and gratitude to our members, well wishers, donors and volunteers for their support and active participation in all our activities. Hope the same support in the days to come.
